# Confidence in your kitchen

## The True difference: an extensive range of best-in-class products, with solutions for every kitchen.

True products are aimed at energy and environment conscious operators who are serious about food safety and quality, and understand that refrigeration equipment is a core investment of their business. Presented here are a selection of essential products from True's comprehensive food service refrigeration range, each designed and manufactured to provide the operator unrivalled levels of service and reliability.

### SUSTAINABILITY

Our Natural Refrigerant initiative aligns perfectly with operators focused on responsible environmental practices. True "HC" products provide comparatively quicker temperature recovery and significantly reduce energy consumption.

### SUPPORT

ALL True products are covered, as standard, by an industry-leading 5 Years Parts & Labour Warranty. We provide premier customer service and after-sale support to our clients locally, for guaranteed peace of mind.

### TEMPERATURE

We are world leaders in commercial refrigeration built on a reputation that every True product must be able to maintain consistent, accurate and safe storage temperatures, even in the most demanding of foodservice environments.

### ENERGY EFFICIENCY

Today, every serious operator has targets around sustainability, including energy management programmes to reduce wastage. By choosing the latest, most efficient equipment available, energy consumption can be considerably reduced.
